MALIBU NIGHTSTAND

Channeling '70s California Modern style, the Malibu collection of clean-lined chests and nightstands conveys both sophistication and a sense of warmth. Matte-white painted finish over rich open-grain mahogany brings subtle texture to the bedroom, while jewelry-like drawer pulls dress up the look. The drawer pulls are included with each piece in two finishes—satin brass and polished stainless steel—so you can always change the finish when you change your decor. And there's a surprise inside: the drawer interiors are lacquered our signature red.
